RE: Survey Of 7 Lots within CTFN Lands, Squanga Lake

Mr. Pfeiffer;

No significant challenges were encountered during this survey.

The following additional information is included with this report:

- Spatial File in AutoCAD format.
- PDF of survey plan

The OHWM of Squanga was determined to be the line shown in the enclosed photo. There is very little observational uncertainty in the location of these OHWM measurements.

Please contact us at 668-6940 if you have any questions.
