1-010 SCOPE AND PURPOSE OF THE POLICY MANUAL

THE POLICIES IN THIS MANUAL will be in force as authorized by the Khà Shâde Hénì (Chief/Deputy) and Executive Council

THE POLICIES IN THIS MANUAL may be revised from time to time but must, at all times, comply with the Constitution, treaties and laws of the Government of the Carcross/Tagish First Nation or in their absence Federal Labour Standards.

THE POLICIES IN THIS MANUAL form a binding contract between the Government of the Carcross/Tagish First Nation and its employees and the Khà Shâde Hénì (Chief/Deputy).

THE POLICIES IN THIS MANUAL set out what employees, the Khà Shâde Hénì (Chief/Deputy), and the Government of the Carcross/Tagish First Nation expect from each other and, thus, establish tolerance levels, determine working conditions, and provide administrative direction and guidance.

THE POLICIES IN THIS MANUAL will provide Citizens of the Government of the Carcross/Tagish First Nation with an accountable, efficient and effective government of transparency, disclosure and redress.

THE POLICIES IN THIS MANUAL will be distributed to all Departments of the Government of the Carcross/Tagish First Nation and all current and future staff will become thoroughly familiar with their content, meaning and application.

THE POLICIES IN THIS MANUAL are clear and binding until revised. In cases of dispute, Directors are the first, Management Board the second, and the Khà Shâde Hénì (Chief/Deputy) and Council the third level of interpreters of these policies unless a policy is enshrined in law other than a law passed by the Government of the Carcross/Tagish First Nation.

Policies must always comply with the GC/TFN Constitution, treaties and laws, or, in some cases, with the legislation and labour codes of other levels of government.

Procedures must always comply with respective policies.

SCOPE All positions.

PURPOSE The Carcross/Tagish First Nation hiring process has been established to ensure fairness, transparency and consistency during the employment hiring process for individuals.

The purpose behind the “Hiring Process” policy is to:

- Abide by our accepted values and virtues, and remain compliant with existing policies and relevant legislation,
- establish fair and consistent hiring guidelines, screening criteria and assessment process, when filling GC/TFN job vacancies, and that balanced and fair consideration is given to C/TFN Citizens (see Preferential Hire Policy – Section 1-220),

- establish guidelines for practical and written assessments and the interview process guidelines,
- acknowledge established guidelines that outline reference check requirements,
- ensure employment offers are completed in accordance with the job offer guidelines and salary incremental guidelines.

POLICY The hiring process shall be executed accordingly with all existing aspects of staffing practices, as per the current C/TFN Personnel Policy Manual. Existing processes must be adhered to when filling any vacant position. These steps will include but not be limited to:

- Clan Screening and Assessment Boards, section 1-130
- Administrative Hiring Boards, section 1-135
- Hiring Process, section 1-210
- Preferential Hire, section 1-220
- Conflict of Interest, section 1-440
- Temporary Positions and Assignments, section 1-260

PROCEDURES Where a vacancy is identified by a department

Director/Executive Director/CFO, a Request To Hire form will be presented to the Management Board and or/Executive Council for review and authorization. Only fully completed requests will be considered.

All competitions will be posted for a minimum of five (5) working days. Most will be posted for a minimum of ten (10) working days, or longer if it is anticipated that a successful candidate will most likely be from outside the territory.

Verification of information provided on resumes may be part of the Screening and Assessment process. The appropriate hiring body, see policy 1-130 (Screening and Assessment Boards) and 1-135 (Administrative Hiring Boards), will proceed with the hiring process.

The C/TFN Citizen preferential hire policy (see Policy 1-220) will apply for all job postings.

The HR Manager/Administrator will be responsible for coordinating all aspects of the hiring process.

Screening takes place to review applicants who will be short-listed for further assessment (including interviews).

The objective in the screening process is to compare the information provided by the candidate in their resume against the job posting and job description and may include but is not limited to:

- oral interview questions and/or role plays;
- hands-on evaluations (e.g. performing a sample to the type of work entailed in the position);
- reference checks

The Human Resource Manager or Administrator is responsible for notifying the successful candidate as well as the unsuccessful candidates. Successful Candidates shall be provided with an opportunity to accept or decline the position as described in their letter of offer, in writing.

A one-year eligibility list will be created on the date of the interviews from the successful list of candidates based on their relative ranking in the competition.

If a successful candidate declines the offer, the next ranked qualified candidate from the Eligibility List will be offered the position.

Once a letter of offer has been accepted by a successful candidate all remaining unsuccessful candidates will be informed by email or phone call. Qualified candidates will be advised of their placement on the eligibility list and unqualified candidates will have the opportunity for a post-board meeting.

Conditions of Appointment (e.g. Criminal background checks and TB tests for employees working in the Daycare will be posted on the job posting and must be completed before the new employee's start date.)

Conditions of Employment (e.g. First Aid, WHMIS Certification, Driver's License) may be required either on hire, or within the probationary period.

Criminal background checks for Directors are mandatory.

In the event that the position becomes vacant during the life of the Eligibility List (one year), the next qualified person on the list

may be contacted to determine if they are still interested in the position. If they are interested, following successful reference checks, they may be appointed to the position. A decision as to whether to hire from the Eligibility List as opposed to running a new competition will be made on a case-by-case basis.

Determining factors could include:

EMPLOYEE CONDUCT AND DISCIPLINARY ACTION

GC/TFN PERSONNEL POLICY

Section 1

Effective Date April 1, 2009

Revised Jan 17th, 2019

Authorized By Executive Council

1-405 PROGRESSIVE DISCIPLINE POLICY

SCOPE All C/TFN Employees.

PURPOSE The purpose of this policy is to establish a process to correct or deter unacceptable conduct and performance and to encourage progressive and positive employee/employer relations by ensuring a fair and consistent discipline process.

POLICY Disciplinary procedures must be applied uniformly to all employees.

The Executive Council has the authority and responsibility for the discipline and dismissal of the Executive Director. The Khà Shâde Hénì and the Executive Director have the authority and responsibility for discipline and dismissal of Directors.

The Management Board has the authority and responsibility for dismissal of all other employees.

Directors have the authority and responsibility to administer disciplinary measures to their department staff.

Supervisors and managers are expected to apply a system of progressive discipline in order to manage employees with unsatisfactory performance or conduct. However, in some instances the circumstances may warrant that discipline at a higher step or dismissal of employment is required and that the disciplinary process will not be strictly followed.

INVESTIGATION

An investigation may be required before making a decision on the appropriate disciplinary response.

Management Board or the Executive Director/Khà Shâde Hénì in the case of a Director must determine whether to suspend an employee with or without pay for a period of time, where an investigation is required into allegations of misconduct against that

employee. During an investigation, and if circumstance dictate, Management Board and/or Executive Director in regards to Directors at any time can:

- Reverse the suspension and return the employee to his or her job and compensate for any lost wages while on suspension;
- Change the nature of the suspension; or
- Take any other action appropriate to the situation, including immediate dismissal.

Steps in the Progressive Discipline Process

The usual order of the progressive discipline process is as follows:

Prior to any steps in the discipline process being initiated, where an employee's performance or conduct is in question, the employee will be notified of the transgression in a private meeting with their Director/supervisor.

The employee will be given an opportunity explain the situation from their perspective and if desired, request the HR Manager be present during the explanation.

Should the explanation satisfy the Director/supervisor and the unacceptable behaviour does not continue, no further action shall be required.

If after the initial discussion, the situation shows no change or improvement after re-evaluation, the progressive disciplinary process will proceed to the next steps.

Stage One – Verbal Warning

Employees will be informed of unacceptable behavior, conduct or performance verbally by their direct supervisor in a private meeting. The employee will be provided with a description of the unacceptable behaviour or conduct and will be given an opportunity to explain the situation and their actions. If after considering the explanation, the supervisor determines that discipline is appropriate the employee will be given a verbal warning. The supervisor will supply the employee with a copy of the employee code of ethics to be reviewed, signed and dated during the meeting. The employee will be informed at that time, that further incidents will result in disciplinary action, up to and including dismissal. The employee will be informed that the discipline will constitute a verbal warning, but a written summary will go into their file.

The summary on the employee file must contain the following information:

- that the problem was communicated clearly to the employee;
- a copy of the C/TFN code of ethics; signed and dated by the employee; and
- a notation of the employee's reaction and response.

The written summary and newly signed code of ethics will be forwarded by the Director to Human Resources and placed on the employee's personnel file. The verbal warning will remain on the employee's personnel file until there are 36 continuous months (3 years) without any other corrective discipline for any reason placed on the employee's file, after which time the verbal warning will be expunged from the file.

Stage Two – Written Warning

In the event that the conduct or performance does not improve or where circumstances warrant an immediate written warning, the employee will be given a written warning. The employee will be informed in a private meeting with their supervisor of the unacceptable behaviour or conduct, including an explanation of when and how the unacceptable behaviour or conduct took place and will be given an opportunity to explain the situation and his or her actions. If after considering the explanation, the supervisor determines that discipline is appropriate the employee will be given a written warning.

The employee will be informed at that time that further incidents will result in disciplinary action, up to and including dismissal.

The employee will be provided with a copy of the written warning and another copy will be forwarded to Human Resources to be placed on the employee's personnel file. The written warning will remain on the employee's personnel file until there are 36 continuous months (3 years) without any other corrective discipline for any reason placed on the employee's file, after which time the written warning will be expunged from the file.

The written warning must consist of at least the following;

- dates and times of offences;
- a summary of previous discipline, including verbal warnings;
- a plan to correct the problem; and
- a warning that future incidents will result in discipline up to and

including dismissal.

Stage Three – Suspension (Final Warning)

In the event that the conduct or performance does not improve or where the circumstances warrant an immediate suspension, the employee will be given a final warning and suspension.

Prior to meeting with the employee, the Director or the employee's supervisor upon written authorization from the employee's Director, will outline the circumstances leading to discipline including the relevant dates, the conduct or performance in question, and previous discipline if any.

The employee will be informed in a meeting with his or her supervisor or Director of the unacceptable behaviour or conduct, including an explanation of when and how the unacceptable behaviour or conduct took place, the record of past discipline and will be given an opportunity to explain the situation and his or her actions.

Management Board along with the Human Resources Manager, where needed, will meet to consider the record and the employee's explanation. If the decision is made to impose a suspension, Management Board along with the Human Resources Manager will decide the number of days without pay the employee shall be suspended.

In a meeting with his/her supervisor or Director and a witness, the employee will be informed of the suspension and given a written notice of suspension which will include;

- The date the suspension will take effect;
- The duration of the suspension;
- The reasons for the suspension;
- The previous disciplinary record; and
- A warning that any further incidents will result in dismissal.

A summary of the interview and a copy of the letter of suspension must be forwarded to Human Resources and kept in the employee's personnel file. Records of suspension will remain on the employee's personnel file permanently.

Stage Four – Dismissal

If the employee's performance or conduct does not improve despite the progressive discipline process or the circumstances warrant immediate dismissal, a recommendation shall be made by the employee's Director to Management Board that the employee be dismissed.

Prior to finalizing a decision to dismiss an employee, the employee will be given an opportunity to provide an explanation for his or her conduct.

Management Board will meet to consider the disciplinary record, the employee's explanation and the Director's recommendation.

If the decision is confirmed by Management Board to dismiss the employee, in a meeting with the Department Director and a witness and/or Human Resources Manager, the employee will be informed of the decision and provided with a written notice of termination detailing the undesirable conduct, behaviour, and performance of the employee leading to this necessary action and the reason for the termination.

In certain instances, there may be just cause for immediate dismissal. Cause for immediate dismissal may include but is not limited to:

- Workplace Anti-Violence and Harassment Prevention Policy
- Conviction of a serious criminal code offence
- Code of ethics
- Finance Act
- Conflict of Interest Policy

1-406 DIRECTOR DISCIPLINE

SCOPE Directors/Executive Director

PURPOSE To set out a process to correct and deter unacceptable behaviour, conduct or poor performance by a Director.

POLICY Directors/Executive Director will be informed of unacceptable conduct, behaviour, or performance and prior to the imposition of disciplinary action and will be given opportunities for improvement and as necessary re-evaluated.

Executive Council will use section 1-405 The Progressive Discipline Policy for managing and the Executive Director job related behaviour that does not meet expected and communicated performance standards.

The Khà Shâde Hénì and the Executive Director may move to dismiss a Director if circumstances determine an occurrence of gross misconduct warrants dismissal even if the steps in the progressive discipline process have not occurred and may also immediately but temporarily suspend a Director with or without pay pending investigation before moving through the discipline process.

If a Director is felt to be in violation of C/TFN's accepted employee Code of Ethics, behaviour, or performance and initial efforts for corrective action have not worked, the Director may be subject to progressive disciplinary action and/or immediate dismissal.

The Khà Shâde Hénì and Executive Director retains the authority and responsibility for discipline and dismissal of all Department Directors.

All efforts will be made to avoid discharge and except in cases of proven gross misconduct, a written record of at least one personal interview aimed at correcting the unsatisfactory performance or attitude must be on file before termination of employment.

1-440 CONFLICT OF INTEREST

SCOPE All employees, appointed Clan Representatives, Management Board and Committee members, Agents or Contractors of the First Nation, including Volunteers, and Khà Shâde Hêni (Chief/Deputy).

- Real, Potential or Perceived;
- Direct or Indirect, and;

No individual with a real or perceived conflict of interest shall participate or attempt to influence a decision with regards to any decision that is subject to being a conflict of interest whether real, or perceived

The purpose of this policy is to prevent any perceived or real conflict of interest and ensure honesty and impartiality may be beyond doubt.

To prevent and/or reduce conflicts that may result from the hiring of immediate relatives. This policy is intended to discourage nepotism. However, recognizing this is a small community it is recognized that

there may be exceptions to this policy from time to time. Regardless, all potential conflicts must be acknowledged and declared by signing a Conflict of Interest Disclosure Form.

If you are still unsure if you have a conflict of interest, a conflict of interest checklist document can be consulted - attached to this policy manual.

POLICY

Employees and Khà Shâde Hêni (Chief/Deputy) will not place themselves in positions where they may be under obligation to any person who might benefit from special considerations or to have monetary interests that could conflict in any manner with the discharge of their duties as employees and elected (appointed) officials of the GC/TFN.

Management Board will resolve all matters of conflict of interest with employees. A Management Board decision in this regard is binding on the employee.

The Khà Shâde Hêni (Chief/Deputy)/Executive Council will resolve all matters of conflict of interest with the Executive Council and/or General Council.

The GC/TFN recognizes that because of the value of the extended family relationships among its Citizens, implementation of this policy will require good judgement and discretion on the part of the Hiring Teams. Exceptions to this policy must be approved by Management Board.

The GC/TFN, where possible, will not hire immediate relatives of present employees into any department or division of the GC/TFN in a relationship of direct lines of authority, i.e. relatives must not supervise nor be supervised by another immediate relative. 1-521 TELEWORK POLICY

SCOPE All GC/TFN Employees, appointed Clan Representatives, Board and Committee members, Khà Shâde Hénì and Executive Council.

PURPOSE The purpose of this policy is to establish a consistent organizational approach to telework.

As an employer, C/TFN recognizes and supports healthy work-life balance for employees. Telework is an alternate work arrangement for which eligible employees may apply.

This policy applies to all persons hired who have successfully completed their probationary period in their current position. Exceptions may be granted by Management Board where operational requirements warrant.

Telework arrangements do not alter an employee's terms and conditions of employment. The policy should be read in conjunction with the accompanying Telework Guidelines.

In addition, the Policy is meant to ensure consistent work practices are followed such that telecommuting employees continue to provide a level of service equal to or better than that provided while at an on-site work location.

DEFINITIONS

Telework An alternate work arrangement that allows eligible employees to perform their job duties away from their official workplace for part or all of their work week.

Telework guidelines Issued in conjunction with this policy, the telework guidelines outline eligibility, approval criteria and mandatory components of the written telework agreement. All telework arrangements must follow the Policy and guidelines.

Teleworkplace	The alternate work location as specified in the written Telework Agreement. (This would normally be the employee's residence.)
Official workplace	The location where the employee would normally work if there were no Teleworkplace.

INELIGIBLE POSITIONS

Ineligible telecommuting positions include:

- i. Roles that require the presence of employees to carry out their tasks such as: childcare, building maintenance, janitorial, cooking,
- ii. Positions that require special equipment or vehicles

APPROVAL CRITERIA

Telework is neither a right nor a requirement. Telework requires the combination of the right job and the right Teleworkplace. A employee who wishes to Telework must make a formal, written application to their supervisor.

Approval to telework is granted on a case-by-case basis at the discretion of Departmental Directors and MB for staff employees subject to suitability and the criteria outlined in the Telework Agreement.

Clan Representatives, Board and Committee members, Khà Shâde Héni (Chief/Deputy) and Executive Council will determine through their respective decision-making processes whether a Telework Agreement is appropriate for their respective members.

TELEWORK AGREEMENT

Participating departments and employees must enter into a formal telework agreement using the approved template provided. Agreements require the approval of the departmental Director and MB.

A Telework Agreement must be executed prior to an individual commencing Telework. A Telework Agreement may require additional reporting requirements than the employee would experience if they attended the work place every day.

Telework agreements are subject to regular evaluation and renewal. Either party may choose to end a telework agreement.

ROLES AND RESPONSIBILITIES

DEPARTMENTS Departments are responsible for:

- approving telework arrangements based on the employee's application and operational requirements;
- meeting the department's responsibilities outlined in the telework agreement, such as providing necessary equipment, developing security protocols (e.g.VPN) and ensuring health and safety standards are met.
- monitoring Telework arrangements and ensuring they are in keeping with the organizational approach and criteria outlined in this policy and the Telework Agreement;
- Approving and signing Employee Timesheets and ensuring they are submitted within required timelines

EMPLOYEES

Eligible employees are responsible for:

- timely and accurate completion and submission of timesheets to their Supervisor/Director;
- meeting their responsibilities outlined in the Telework agreement.

GENERAL

Workspace, Equipment and Protection of Information

Employees approved for a Telework arrangement are responsible for maintaining a suitable and secure off-site workspace.

The off-site workspace will be considered an extension of C/TFN workplace and therefore will be subject to and governed by applicable Workers' Compensation legislation and Yukon Workers' Compensation Health and Safety Board. Employees will be expected to comply with normal reporting requirements for any work-related accident or injury.

Employees will be responsible for the safe and secure handling of all proprietary and other information taken off-site or accessed from the off-

site location, including but not limited to electronic files saved on home computers.

PAYMENT OF TELEWORK EXPENSES

The following Telework of remote work expenses will not be reimbursed:

The following supplies for telework employees may be supplied by C/TFN:

- Office supplies, laptops or other necessary equipment

Employees who have an approved and completed Telework agreement will receive \$25 per month, payable bi-weekly, to help offset associated telework costs.

This is considered to be a taxable benefit by Revenue Canada. The Finance Department will ensure that additional taxes are deducted accordingly.

COMPLIANCE

Abuse of a Telework agreement may result in immediate termination of the privilege and will result in appropriate disciplinary measures as outlined in C/TFN Personnel Policy, 1-405 Progressive Discipline.

For greater certainty, the following is considered abuse of the Telework Policy, violation of the Telework Agreement and will result in discipline:

1-530 WORKPLACE ANTI-VIOLENCE AND HARASSMENT PREVENTION POLICY**Policy and Purpose**

The purpose of C/TFN's Workplace Anti-Violence and Harassment Prevention Policy is to minimize the risk of violence or harassment occurring in the workplace and to provide a process to be followed should an alleged incident or incident of violence or harassment take place or should an individual(s) become aware of a potentially violent or harassing situation. Actions have been taken to identify possible sources of workplace violence and harassment. This Policy is reviewed annually.

The Carcross/Tagish First Nation is committed to providing a safe and healthy work environment free from violence, threats of violence, discrimination, harassment, intimidation and any other misconduct for every C/TFN employee, inspection consultants, contractors, temporary employees and Clan representatives. C/TFN does not condone and will not tolerate acts of violence or harassment / bullying against or by any CTFN employee and Clan appointed representatives.

Our Workplace Anti-Violence and Harassment Prevention Policy is not meant to stop free speech or to interfere with everyday interactions. However, what one person finds offensive, others may not. Usually, harassment can be distinguished from regular, mutually acceptable socializing. It is the perception of the receiver of the potentially offensive message be it spoken, a gesture, a picture or other form of communication which may be deemed objectionable that determines whether something is acceptable or not.

This Policy prohibits reprisals against individuals, acting in good faith, who report incidents of workplace violence or harassment or act as witnesses. Management will take all reasonable and practical measures to prevent reprisals, threats of reprisal, or further violence or harassment. Reprisal is defined as any act of retaliation, either direct or indirect.

C/TFN will ensure that all employees are educated on violence and harassment and that they are clear about the roles and responsibilities as well as this policy and its procedures. In addition, a copy of this policy will be made available to all employees.

All C/TFN employees are accountable and responsible for enforcing this policy. They must make every effort to prevent discrimination, harassment and/or violent behavior. They must intervene immediately and report the incident in accordance with this policy if they observe a problem, or if a problem is reported to them.

For the purposes of this policy, violence and harassment can occur:

- At the workplace
- At employment-related social functions
- During work assignments outside the workplace
- During work-related travel
- Over the telephone/text, if the conversation is work-related
- Elsewhere, if the person is there as a result of work-related responsibilities or a work-related relationship

Application

This policy applies to every C/TFN employee, Khà Shâde Hêni (Chief/Deputy) and Clan appointed representatives. The organization will not tolerate violence or personal harassment whether engaged in by employees, managers, or directors, of the organization.

C/TFN will not tolerate any form of harassment or discrimination against job candidates and employees on any grounds mentioned above, whether during the hiring process or during employment. This commitment applies to training, performance, assessment, promotions, transfers, layoffs, remuneration, and all other employment practices and working conditions.

Legislation

This Policy is guided by the *Canada Occupational Health and Safety Regulations*. Canada's Criminal Code also prohibits violence and harassment.

Risk Assessment

C/TFN will conduct a risk assessment of the work environment to identify any issues related to potential violence and harassment that may impact the operation and will institute measures to control any identified risks to employee safety. This information will be provided to Human Resources.

The risk assessment may include review of records and reports i.e. security reports, employee incident reports, staff perception surveys, health and safety inspection reports, first aid records or other related records. Specific areas that may contribute to risk of violence and harassment include contact with public, exchange of money, entrances and exits, working alone or at night, etc.

Notification of Workers at Risk

If a manager is aware that an individual can be expected to encounter a person with a history of violent behaviour, and the risk of workplace violence by that person is likely to expose the individual to physical injury, or an actual incident of workplace violence or harassment has occurred, or an incident of workplace violence or harassment is reasonably expected to occur, C/TFN shall take the following steps to ensure the safety of all individuals:

- Human Resources will advise the individuals who are at risk and coordinate a review of current procedures to minimize risk.
- Information about the source of workplace violence and harassment will be provided to the individuals who are at risk and their managers.
- Appropriate steps will be taken to protect individuals.

C/TFN will limit its disclosure of personal information to what is necessary to protect individuals from physical injury.

Safe-work Procedures

Safe-work procedures have been and continue to be developed at C/TFN to inform and instruct individuals about the risks of workplace violence and harassment. Safe-work procedures on workplace violence and harassment prevention include:

- Use of security access cards to enter the premises.

- Individuals in the field do not generally work alone. While in practice there is a minimum of two members on inspection teams, C/TFN recognizes that there may be circumstances where due to scheduling constraints, this may not be possible.
- Familiarization with physical security arrangements put in place by the building manager, if applicable.
- Receptionist at C/TFN offices to call through to the person, or their designate, visitor requests. Guests are met by a C/TFN staff member in the lobby and accompanied through the facility.

Special Circumstances

Should an employee have a legal court order (e.g. restraining order or no-contact order) against another individual, the employee is encouraged to notify their supervisor and to supply a copy of that order to Human Resources.

This will likely be required in instances where the employee feels the aggressor may attempt to contact the employee at C/TFN, in direct violation of the court order. Such information shall be kept confidential.

If any visitor to the C/TFN workplace is seen with a weapon (or is known to possess one), makes a verbal threat or assault against an employee or another individual, employee witnesses are required to immediately contact the police, emergency response services, their immediate supervisor, and Human Resources.

Seeking Immediate Assistance

Canada's *Criminal Code* deals with matters such as violent acts, threats and behaviors such as stalking. The police should be contacted immediately when an act of violence has occurred in the workplace or when someone in the workplace is threatened with violence. If an employee feels threatened by a co-worker, volunteer, contractor, student, vendor, visitor or client / customer then an immediate call to 911 is required.

The Right to Refuse Unsafe Work

Any C/TFN employee can refuse to work if they have a reasonable belief that one or more of the following situations exist:

- Machinery, equipment or tools required in the performance of job duties present a safety hazard and their use may cause an injury to the worker or those nearby.
- The working conditions are unsafe, and may cause an injury to the worker or those nearby.
- The workplace conditions or machinery, equipment or tools represent a violation of the *Canada's Occupational Health and Safety Act* regulations and represent a physical danger the health and safety of the worker or those nearby.
- The worker has a reasonable expectation that the work would place them in danger of physical violence.

Reporting Incidents of Workplace Violence or Harassment (Personal, Racial/Ethnic or Sexual)

An individual should report any incident of workplace violence or harassment to their immediate manager, Health and Safety Committee or to Human Resources, if they feel that is more appropriate or they are more comfortable doing so.

If the individuals' immediate manager was involved in the incident, they should report it to any other manager and health and safety representative or to Human Resources, if they feel that is more appropriate or they are more comfortable doing so.

If a member of Human Resources was involved in the incident, they should report it to any other manager. The manager shall inform the Fairness Coordinator and/or the Executive Director directly.

Should the report name the Executive Director as a Respondent, the Complainant may file the report with Human Resources, who shall inform the Management Board.

The above is a suggested reporting structure. However, employees are able and encouraged to report any incident to any individual they feel most comfortable reporting to or dealing with.

The individual and manager should assess the risk associated with the situation and the individual should complete the prescribed Violence and Harassment Investigation Form and review it with the manager. The form must be completed for all incidents including situations that cause a reasonable fear of future workplace violence or harassment. Human Resources should submit the Violence and Harassment Investigation Form to the Executive Director within 24 hours of receiving the report. C/TFN recognizes there may be circumstances that prevent a formal report from being made within this time period.

Investigating Incidents of Workplace Violence and Harassment

Investigation

The individual's manager and Human Resources, shall, as soon as possible, review the incident, evaluate the risk of future workplace violence and harassment, review the current safe-work procedures and revise or implement additional procedures as appropriate to help minimize the risk of future workplace violence and harassment.

As with any case of dishonesty, disciplinary action may include immediate dismissal without further notice.

GC/TFN PERSONNEL POLICY

Revised

Authorized By Executive Council

1-733 OFFICE CLOSURE – EMERGENCY

SCOPE

All employees, appointed Clan Representatives, Board and Committee members, Khà Shâde Hêni (Chief/Deputy) and Executive Council.

PURPOSE

To define how the Government of Carcross/Tagish First Nation will function in a reduced capacity when regular operations during an emergency (such as a natural disaster, wildfire or public health emergency) would pose a danger to Citizens, staff and others living in C/TFN Traditional Territory for a period not exceeding 45 days (an Emergency Closure). This policy will set out the principles by which a decision to order an Emergency Closure is made and to ensure that such decisions are done in a clear, orderly and coordinated manner.

POLICY

The GC/TFN will order an Emergency Closure when regular operations would pose a danger to Citizens, staff and others living in C/TFN Traditional Territory and/or jeopardize critical GC/TFN infrastructure. An Emergency Closure may apply to part or all of GC/TFN's operations. An Emergency Closure is a drastic measure and will only be as broad in scope and long in duration as necessary to avoid consequences for Citizens.

The decision to order an Emergency Closure must be informed by widely respected information or obvious activities (such as wildfire). Where appropriate, GC/TFN will coordinate the Emergency Closure with other governments/agencies. Only the Executive Council can decide to order an Emergency Closure and such a decision will only be effective when made formally by an Executive Council and recorded in an Executive Council meeting decision document.

In each instance, an Emergency Closure will include the time the closure begins and duration of closing. If the duration of the closure is unknown, the order for Emergency Closure will set out the time that the closure will be re-evaluated and the method that notice of further information will be provided (ie. Social media, email, website).

EFFECT OF AN EMERGENCY CLOSURE

When an Emergency Closure is ordered, the following apply for the duration of the Emergency Closure:

GC/TFN buildings and infrastructure that is generally available to employees, Citizens and/or the public will be closed and securely locked;

GC/TFN meetings, ceremonies and other events will be deemed cancelled or rescheduled to a later date; Programs and services which have not been deemed Essential Services will be suspended; and,

GC/TFN employees not deemed Essential Services will not be required to attend their regular place of work.

ESSENTIAL SERVICES

Essential Services are those provided by the GC/TFN that are necessary for the First Nation to ensure the health and safety of Citizens and employees and to secure the continued safety and operation of critical GC/TFN infrastructure. The Management Board will maintain a list of Essential Services and employees deemed necessary to operate these services. Essential Services may include, but are not limited to water delivery, sewer pump outs, building maintenance, social assistance payments and medical transportation. During an Emergency Closure, all Essential Services will be kept in operation.

Depending on the emergency prompting an Emergency Closure, GC/TFN may order that employees conducting Essential Services follow special protocols or procedures that would not otherwise be required in the course of their job but reasonably necessary given the emergency (for example: wearing respiratory masks in the event of a public health emergency).

An employee who is not deemed necessary to deliver Essential Services and/or is not able to work remotely may be requested to do duties they are qualified to do that are necessary during the Emergency Closure (ie. a cook may be asked to assist with disinfecting GC/TFN buildings during a public health emergency). Such a request must be approved by Management Board and conveyed in writing by the employee's supervisor. Any alternative duties will only be for the duration of the Emergency Closure and will not be deemed to be a change in job function.

REMOTE WORKING

In the event that the Emergency Closure lasts or is expected to last longer than

two days, it is expected that all employees who can work remotely do so. Every employee will be informed in writing by letter or by email whether they are expected to work remotely during an Emergency Closure.

An employee who is expected to work remotely will be responsible to respond to work emails and calls during their regular working hours and must submit timesheets to their supervisor as normally required. An employee's supervisor may request additional reporting or communication on work activities while working remotely which the employee is required to provide.

An employee who is expected work remotely during an Emergency Closure but is not responsive to their supervisor, other employees, Citizens or third parties they would normally interact with may be subject to discipline at the discretion of their supervisor.

EMPLOYEE RENUMERATION

All employees who are scheduled to work during the time of the Emergency Closure will be paid for that time unless the employee is expected to work remotely but declines to do so.

An employee who is expected to work remotely but declines to do so during an Emergency Closure will be deemed to be on leave without pay for the duration of the Emergency Closure.

An employee who is not deemed necessary to deliver Essential Services and/or is not able to work remotely but has been requested to do alternative duties during the Emergency Closure may refuse to do so. However, if such an employee refuses to perform alternative duties during the Emergency Closure, they will not continue to be paid and will be deemed to be on unpaid leave.

Casual employees will only be entitled to be paid for shifts that were scheduled prior to the Emergency Closure or those deemed necessary to conduct Essential Services.

Board and Committee Members will not be entitled to any per diems for meetings cancelled during the Emergency Closure. However, Board and Committee Members will receive regular per diems for meetings held in alternative locations or by phone/video conference if duly convened as a required emergency meeting.

Any employee who is on unpaid leave or was not scheduled to work during the Emergency Closure will not be paid for time during the Emergency Closure.

POLICY: For clarity, there may be instances where extenuating circumstances may require policies to be occasionally overridden. Therefore, C/TFN Board/Team/Council/Committee have the authority, under extenuating circumstances, to manage and override the policies in which they are responsible for creating provided that this is done by consensus of the appropriate team and with consideration to all the facts presented.

Not every instance in which a policy is overridden or where an exception to policy is needed will constitute a breach of the Code of Conduct and Ethics. However, in order to ensure that any decision to depart from established C/TFN policy and procedure is not inconsistent with the Code of Conduct and Ethics, any person (as described in the Scope), who directs another employee to disregard

or depart from established C/TFN policy, procedure or internal controls, may report the matter directly to any member of Management Board, and/or the Executive Council when required.

All instances of override will be logged, stored on file by Management Board and reported on to Executive Council at their next scheduled council meeting.

Any disciplinary action, will be managed by Management Board and/or Executive Council when required, in accordance to [section 1-405], Progressive Discipline Policy.

Examples of inappropriate management override include but not be limited to:
