

# HUNTING FACTS & REPORTING SHEET

CARCROSS/TAGISH FIRST NATION

Department of Heritage and Natural Resources

BOX 130, Carcross, YT, Y0B 1B0

PHONE (867) 821-4251 ext. 8216 FAX (867) 821-4802

## HUNTING FACTS

- Standard procedure for all CTFN hunters is to voluntarily submit information about the game species, area, dates of the hunt, etc. We further request that all kills in the area where the animal was taken are reported back to CTFN (see reporting section below).
- All NON-CTFN hunters are required to obtain written consent from CTFN government prior to engaging in any hunting activity on CTFN Category A Settlement Land.
- Applications for GCTFN consent to hunt on Category A Settlement Land are to be made in person at the CTFN Department of Heritage and Natural Resources. Application forms are available at the department.
- The annual application deadline is July 15.
- As wildlife populations are exposed to various pressures, CTFN carefully determines sustainable harvest levels. If the number of applications received exceeds sustainable harvest levels, needs of CTFN citizens will be accommodated first.
- While GCTFN is in the process of establishing a Wildlife Act, Laws and Regulations, all hunters must follow the current YTG Wildlife Act and Regulations and refrain from hunting in “No Hunting” zones identified in the Yukon Hunting Regulations.
- If GCTFN provides written consent to hunt, you must meet the specified reporting requirements. You must report details of your successful or unsuccessful hunt!
- The annual deadline for all hunting reports is November 15. If you do not report within this deadline or provide false information in your report, your applications for GCTFN consent to hunt will be denied for ten (10) consecutive years.
- Please use the reporting section below.

## HUNTING REPORT

Last Name: \_\_\_\_\_ First Name: \_\_\_\_\_

Date(s) Hunted: \_\_\_\_\_ Area/Zone: \_\_\_\_\_

Date of Kill: \_\_\_\_\_ Time of Kill: \_\_\_\_\_

Species: \_\_\_\_\_ Sex: \_\_\_\_\_ Age: \_\_\_\_\_

Condition of animal: \_\_\_\_\_

Other kills observed (species, location): \_\_\_\_\_

**Annual deadline for all hunting reports is November 15!**
