

New Offices for Executive Branch

Jan, 09, 2023

C/TFN started the new year with a big move.

The Executive Branch, formerly situated within the Governance Department has moved to a new office location in the former HR building, across the South Klondike Highway from the administrative building.

As of last week, Haa Shaa Du Hen Maria Benoit, Deputy Haa Shaa Du Hen Darla-Jean Lindstrom, Executive Director James Baker, Executive Assistant Rosemary Smarch, and Council Clerk Crystal Carvill are working from new offices in the former HR building.

We're still in the process of moving HR and Occupational Health and Safety to the administrative building. Please be patient while this transition takes place.

What's changing for you?

Most citizens won't notice any change at all.

The move will not affect any government services. Even though half the office is now across the road, we'll still be working closely with one another.

Phone numbers and email addresses will remain the same. With two office locations, staff in the executive and administrative branches will be more accessible to citizens and have more space and privacy to meet.

We're confident it's the best decision for citizens and for this government.

If you have any questions, please feel free to get in touch with us.
