

Date: November 2015
To: C/TFN
Project: C/TFN Learning Center
Subject: November Update

NEWSLETTER

The Carcross/Tagish First Nation Learning Center is proceeding along as the building structure continues to be erected. As of today all of the columns are on site and will be placed in Building A. The team will continue to build the structure and optimistically we can get a roof on when the weather cooperates.

Completed Items

- Generator has arrived to site.
- All purlins and roof decking 1 x 6 prepared.
- Vapour Barrier (blue skin) underway on framed walls on the ground.
- Gable ends of Building A have been erected.
- Clear coating and staining.

Upcoming Items

- 1 x 6 to be laid by Ketza.
- Roofing to be completed once entire structure is up - Superior Roofing.
- Fibreglass windows and doors to arrive to site in December.

Highlights

- Structure being erected. Vapour Barrier. Gable ends of Building A.

C/TFN Learning Centre- Employment Update

As work continues on at the Learning Centre the citizens of C/TFN continue to provide excellent work ethic and contributions. At its peak construction so far C/TFN citizens have held 8 of the 13 site positions. Currently there are 7 C/TFN members employed erecting the structure of the building.

Ketza has also used C/TFN citizens for janitorial services and garbage removal on site.

L & M painting has hired a local individual labourer to help with the staining and clear coating of purlins and columns.

Superior Roofing will also be hiring 1-2 local labourer's to help with the roof installation.

Current employees with C/TFN ties are: Richard Atlin, Alvin James, Vince Kemble, Angela Low, Slade Johnson, Corey Thompson and by affiliation Gordon Longman.

C/TFN members continue to gain value experience in the erection of timber columns, d-fir glulam's and purlins. C/TFN employees are often paired with a more experienced carpenter to allow for skill development and more focused learning.

Each member of C/TFN continues to surpass expectations and excel in any task given.
